

Cortec Corporation, achieves Quality Management System Registration to ISO 9001

For Immediate Release

07/26/2000

Cortec Corporation recently announced that their Quality Management System has been Registered as compliant with the International Standard ISO 9001.

This achievement was a direct result of the entire organization working together in effectively developing and maintaining the Quality System in order to be registered. Meeting the ever growing customer demand for the highest level of quality is vital to the future success of companies in any kind of business. Cortec Corporation has demonstrated their commitment to quality and to the continuous improvement of their management system by successfully achieving Registration.

Bureau Veritas Quality International (BVQI) has been chosen as Cortec Corporation partner in this process. BVQI has registered over 30,000 companies around the world and stresses the need for continuous improvement as well as their commitment to Adding Value throughout the process.
